

Claudio Gaucher (gaucher@chasque.net)

Claudio Gaucher examining outcrops of the Jucurutu Formation, Rio Grande do Norte (2011).

Prof. Claudio Gaucher holds a B.Sc. (1994) degree from the Facultad de Ciencias, Universidad de La República, Montevideo, Uruguay and a Doctoral degree Rerum Natura from the Philipps-Universität Marburg (Germany, 1999). His major interest is on stratigraphy, sedimentology, paleontology and isotope chemostratigraphy mainly of the Ediacaran. He has visited the LABISE several times and has helped in the supervision of three graduate students (Leticia Chiglino Mendizabal, Marcel Sena and Wilker dos Santos Cezario). He is a faculty member in the Facultad de Ciencias of the Universidad de La República, Uruguay, since 1992 as assistant professor and full professor since 2009.
