

Vinod Chandra Tewari (vinodt1954@yahoo.co.in)

Prof. Tewari at Dehradun, near the Himalayas, India, 2015.

He is a paleontologist, stratigrapher and full professor at the Wadia Institute of Himalayan Geology (WIHG) in Dehradun, India. He has visited the LABISE for three months (CNPq fellowship) in 2015, working on C and O isotopes and Hg chemostratigraphy in a section at Meghalya, India, as a contribution to the understanding of environmental turnover at the K-T boundary.
