

Érika Suelen Barbosa Santiago (esbsantiago@gmail.com)

Erika Suelen (2015).

She holds a B.Sc. degree (2010) in Geology and a M.Sc. degree (2012) from the Federal University of Pará. At present she pursues a doctoral degree in Geology and Geochemistry at the University of Campinas (UNICAMP). She spent a week at the LABISE in 2013, analyzing oxygen isotopes in silicates using the CO₂-laser based extraction line.
